

## Silent Betrayal

Alarum

Organised hypocrisy, a shameless flame  
Buried deep in lies, a superficial stare

The fear they provide is how they fuel the fire  
False security of religion  
Control termed spiritual

Hidden beneath, emotional deceit  
Betrayal in disguise

Given belief and false views of peace  
Betrayal, brainwashed time

I want to break you  
And all your lies  
Expose you  
For far too long  
Your manipulation has ruled  
We must remove you
