

ask me

Alaska Thunderfuck

Black Mercedes set against the velvet night
I'm all dressed in Saturday's best, straight to the front of the line
I'm your baby, sweeter than a cherry wine
You can't tame me, no you can't blame me if I want it all the time

Don't waste my time, don't second guess it
You know the answer, so ask me the question

Ask me, ask me
You don't gotta guess, the answer is a yes
So ask me, ask me
You just gotta ask me (you just gotta ask me)
Yes please, yes please
Baby, I'm obsessed, so get me out my dress
Just ask me, ask me
You just gotta ask me

Ooh, ooh

All I want is everything and in between
Way too much is never enough, but don't forget to hide the place

Don't waste my time, don't second guess it
You know the answer, so ask me the question
Don't turn around before I can finish
Call me a black card, I don't have a limit

Ask me, ask me
You don't gotta guess, the answer is a yes
So ask me, ask me
You just gotta ask me (you just gotta ask me)
Yes please, yes please
Baby, I'm obsessed, so get me out my dress
Just ask me, ask me
You just gotta ask me

Ooh, ooh
Ooh, ooh
(You just gotta, you just gotta
You just gotta, you just gotta ask me)

Ask me, ask me
You don't gotta guess, the answer is a yes
So ask me, ask me
You just gotta ask me (you just gotta ask me)
Yes please, yes please
Baby, I'm obsessed, so get me out my dress
Just ask me, ask me
You just gotta ask me

Ooh, ooh
Ooh, ooh
