Alaska Thunderfuck

Dripping with love  
Dripping with- uh

Right there, that's the spot  
Don't freak too loud 'cause we might get caught  
Throw me on the counter baby put me on the sink  
Straighten me out 'cause I think I got a kink  
Picture this, a river overflowing  
Rapids smacking rocks so you can't hear the moaning  
Tumble through the water with me chase me down the falls  
And around the river bend me up against the walls

Drip drip got my [?]  
Fuck it up dad baby don't stop freaking

Water golden yellow baby you do the math  
Rub a dub dub three pigs in a tub  
Showers of gold got me dripping in love  
Let's get soaking wet  
Yellow hanky back pocket right in the left  
Turn it around take a set in your lap
