

Red

Alaska Thunderfuck

Something in the water
Boy, you got me seeing colors
Sorry, pardon me, I don't mean to stare
Drowning in your purple rain
A sinking yellow submarine
And I don't wanna come up for air

Take me higher
Scarlet fire
Oops, I think you did it again

I see red, you got my attention
I'm losing my senses, don't know what this is
I see red, I'm feeling emotions
And I can't control it, in over my head
When I see red, when I see red
When I see...

I can't focus, keep on getting sidetracked
I'm tall but you're taller and I like that
Arms so big that you're looking like a linebacker
Smells so good, that's Lilac
Uh, I'ma call you ROY G BIV
Got a color in your pocket but I don't know what it is, uh
I'm not really tryna play the game though
I just really wanna taste the rainbow

I see red, you got my attention
I'm losing my senses, don't know what this is
I see red, I'm feeling emotions
And I can't control it, in over my head
When I see red, when I see red
When I see red, when I see red
When I see red

I see red, you got my attention
I'm losing my senses, don't know what this is
I see red, I'm feeling emotions
And I can't control it (when I see), in over my head (when I see
e, when I see)
When I see red (I see it, red), when I see red (I see it, red)
When I see red (I see it, red), when I see red (I see it, red)
When I see red
