uh

Alaska Thunderfuck

You gotta, you gotta, you gotta, you gotta
Uh, uh, uh
You gotta, you gotta, you gotta, you gotta
Uh, uh, uh
You gotta, you gotta, you gotta, you gotta

Built into my chromosomes
We crash the system, overload
Got eyes on me like telescope
Like Lindsay Lohan, Mykonos
Break in from that motherboard
Them techno-tronic overlords
Push me out and cut the cord
We join together, Megazord

Reach out, reach out, reach out, reach out
Reach out, reach out, reach out, reach out
Reach out, reach out, reach out, reach out
Reach out, reach out, reach out, reach out

When you're alone and you cannot stop
Under control with the lights off
Hold me close, you're not electrical
Can you feel the music on your skin?
Are you getting lost in the static?
Set your body free, come on, move with me
You gotta, uh, uh, uh
You gotta, you gotta, you gotta, you gotta

Let go of that binary
That cyber penitentiary
A cure for your virality
The algorithm's not the tea
Hold my hand, no hologram
From Brooklyn out to Amsterdam
You got it, we love it, come on, baby, rise above it
All you gotta do is let go of the bullshit, f*ck it

Reach out, reach out, reach out, reach out
Reach out, reach out, reach out, reach out
Reach out, reach out, reach out, reach out
Reach out, reach out, reach out, reach out

When you're alone and you cannot stop
Under control with the lights off
Hold me close, you're not electrical
Can you feel the music on your skin?
Are you getting lost in the static?
Set your body free, come on, move with me
You gotta, uh, uh, uh
You gotta, you gotta, you gotta, you gotta
Uh, uh, uh
You gotta, you gotta, you gotta, you gotta, uh
