

Walk into the Club

Alaska Thunderfuck

It's been a while
But I've got feelings too
And I know I may be young
And I shouldn't have kept you waiting
But it doesn't matter
If you love her or capital ATF
Cause you were born like this, gorg

I walk into the club,
When I walk into the club
And when I walk into the club,
I walk into the club
Before I walk into the club,
I walk into the club
And when I walk into the club,
I walk into the club

This club is amazing,
Let's walk inside of it
This club is so stunning,
Let's walk
I walk into the club
I walk into the club
I walk into the club

I spent all day getting ready,
Just to walk into the club
And I'll spend all night,
Walking into various clubs
Take a picture when I walk into the club
And even when I'm finished,
I won't walk out of the club
They will never close the club
And what do I see?
I see you walk into the club,
And you looking at me
Then I ask myself, how could this be?
You walk into the club,
You think you're better than me?

This club is amazing,
Let's walk inside of it
This club is so stunning,
Let's walk
I walk into the club
I walk into the club
I walk into the club
Walk, walk, walk, walk,
Walk, walk, walk, walk,
Walk, walk, walk, walk,
Walk, walk into the club
Walk, walk, walk, walk,
Walk, walk, walk, walk,
Walk, walk, walk, walk,
Walk, walk into the club
I walk into the club

Wait a second,
Maybe I seriously misjudged this entire scenario
And we obviously have a lot in common
You enjoy walking into clubs just as much as I do
You also enjoy being a model,
Fashion, wearing clothes
What if we teamed up together?
What if we banded together
And we're stronger than yesterday?
Let's do it, let's work together,
Let's support one another, c'mon gorg
Let's walk into the club

What? All I wanna do,
Is walk into the club
Why are you preventing me
From walking into the club?
