

Slaves Of Rot

Alastis

Life consists to die in pain
Don't give away to such lowness!
Your move sentences you
To stay in fear and pain for eternity!
Awake mind in dead body
You've cheated your destiny

Destiny is not to understand
Painful will be your ignorance
Beyond the existence's
Boundaries
...pity hasn't matter!
Awake mind in a dead body
You'll have cheated
Your destiny

In the squalid streets
Of the city
Burien in
The oblivion's darkness
He sobs the memory
Of those he liked...
Between life and death
How he's choosing...
Prisoner of eternity

You must live
You must fight
You must win!
