

Glowing

Alayna

When you look at me, I melt like water
In your hands
I cannot react, you know my weakness is you
In your hands

When you comin' close
I always lose control
Somethin' else comes over me
I feel it in my bones
You're special
You make me feel so special

And I'm like
Damn, he, he really love me (I'm like)
Ah-ah-ah-ah, ah-ah-ah-ah, he got me glowing
He treat me so good
That I think I'm gonna keep him forever
And I'm like
Damn, he, he really love me

Cancel all our plans, take out for dinner
Pour some wine
You make me feel like I am all that matters
Just you and I

When you comin' close
I always lose control
Somethin' else comes over me
I feel it in my bones
You're special
You make me feel so special
(Special, special, special, special, yeah)

And I'm like
Damn, he, he really love me (oh, he love me)
Ah-ah-ah-ah, ah-ah-ah-ah, he got me glowing
He treat me so good
That I think I'm gonna keep him forever (forever, forever)
And I'm like
Damn, he, he really love me

Damn, he, he really love me (I'm like)
Ah-ah-ah-ah, ah-ah-ah-ah, he got me glowing
He treat me so good
That I think I'm gonna keep him forever (forever, forever)
And I'm like
Damn, he, he really love me (yeah)

Ah, ah, ah
Hm-mmh-mmh
Ah, ah, ah
Ah-ah-ah
