

Monuments

ALAZKA

With nothing to live for
We aim for a life
Given the plot to the
Stories we write
United in fate and
This anthem we sing
No sheep to a shepherd
We're pawns to a king

We claim to be something more
A masterpiece, an individual
Yet we fail miserably
Stuck in a cage called life
We sit, we wait for more
And sing the anthem of our own demise
(Our own demise)

Now take the crown
Now take the crown

This is our anthem
For the dreams we choose to live
This is our anthem
For a life, for a lifetime

Given the power to mend
Our lives to our heart's content
If life's a lesson
We fail to grasp
That our lives are
Monuments built to last

Always blaming someone else
For the flaw in the plan
Our own mistakes
Create or take your chance
Preserve your dignity
If you don't want your life
To be a constant misery
(Misery)

Now take the crown
Now take the crown

This is our anthem
For the dreams we choose to live
This is our anthem
For a life, for a lifetime

With nothing to live for
We aim for a life
Given the plot to the
Stories we write
United in fate and
This anthem we sing
No sheep to a shepherd
We're pawns to a king
