

# Savior

ALAZKA

I never thought I'd be  
As close to the edge as I am today  
If there's no one to hold me back  
I might be better off taking a step forward  
But there's one thing I can't forget  
The promise I made to never regret  
To never look back  
And to always be brave  
But what if I'm the one who needs to be saved

What if there's no savior  
What if there's no way to come back home  
What if we wait forever  
To find a way - we'll find a way

Over and over  
Again and again  
Will we be released  
Will it ever end  
Demanding our hero  
We're crying for help  
If time won't save us  
Can we save ourselves

Searching for answers, a restless mind  
A place that knows  
Neither dark nor light  
A truth I denied  
Something left undone  
The fear I swore I would overcome

What if there's no savior  
What if there's no way to come back home  
What if we wait forever  
To find a way - we'll find a way

What if there's no savior  
What if there's no way to come back home  
What if we wait forever  
To find a way - we'll find a way

Over and over  
Again and again  
Awaiting our savior without avail  
Rely on your hero  
I won't cry for help  
Rather trade my life  
For the trust in myself

If there's no one who can  
Enlighten my pathway from now til the end  
If there's no one to right me  
To hold and to guide me  
I'll raise my head  
For I'm surviving

If there's no one who can

Enlighten my pathway from now til the end  
If there's no one to right me  
To hold and to guide me  
I'll raise my head  
For I'm surviving
