

Cold, Cold Feeling

Albert Collins

I've got a cold, cold feelin; It's just like ice around my heart.

I've got a cold, cold feelin; It's just like ice around my heart.

I know I'm gonna' quit somebody, every time that, feelin' starts
.

You treat my like a prisoner, because my hands are tied.

Everything you do to me, is stackin' up inside.

It's a cold, cold feelin' Yea, You're just like ice around my heart.

I know I'm gonna' quit somebody, every time that, feelin' starts
.

There's a change in me baby, once I was blind but now I can see
.

There's a change in me baby, once I was blind but now I can see
.

I'm gonna' put everybody down baby,

That ever made a fool outta me.
