

Goodbye LA

Albert Hammond

Sunshine
The Garden of Eden
Golden
Like a highway to heaven
Ocean
Everybody was welcome
Mountains
With an echo of freedom

Rolling and riding
The people were coming
Looking for better
Believing in something
Living and dying
And never quit trying
Man, it was something
There's no denying

Goodbye L.A.
You know I loved you, girl
But you have gone away
Goodbye L.A.
It was a real good time
But that was yesterday
What I wanna tell you
Is too sad to say
So I'll blow you a kiss
And I'll leave it at this
Goodbye L.A.

Easy
I guess we got lazy
Money
Made us borderline crazy
Someday
It's gonna be too late
It's gonna get harder
The longer that you wait

Paradise wasted
Nobody's crying
Too busy posing
Everyone's smiling
I'm gonna miss you
But time has gone flying
Nobody's looking
Tomorrow's dying

Goodbye L.A.
You know I loved you, girl
But you have gone away
Goodbye L.A.
It was a real good time
But that was yesterday
What I wanna tell you
Is too sad to say
So I'll blow you a kiss

And I'll leave it at this
Goodbye L.A.

Yes, I'll blow you a kiss
And I'll leave it at this
Goodbye L.A.

Yes, I'll blow you a kiss
And I'll leave it at this
Goodbye L.A.
