

Boot Lace

Albert King

Love, love, love
You got me helpless
Breaking me away
A little more each day
From all my senses
I can't relate with you
I can't believe we're through
I don't know what to do
At all to end this
No, no, no
What am I going to do?
Every time I think
It only makes me see
How much I love you
You're breaking up my heart
You're tearing me apart
I don't know what to do
At all to end this

I gonna snap at this place
You twist me like a boot lace
Tied around your shoe girl
A boot lace (boot lace)

I gonna snap at this place
You twist me like a boot lace
Tied around your shoe girl
A boot lace (boot lace)

Girl, girl, girl
You got me so uptight
Its easy enough for you
To hunt me every night
But that ain't right
All caught up in your web
I can't move from right to left
I'm helpless (helpless, helpless)
Love, love, love
What am I gonna do?
I just can't break away
I need you more each day
I'm hopeless
Even though we're though
I can't get over you
I'm helpless, hopeless

I gonna snap at this place
You twist me like a boot lace
Tied around your shoe girl
A boot lace (boot lace)

Boot lace

You got me boot laced
Boot lace
You got me boot laced
Boot lace
You got me boot laced
