

Love Shock

Albert King

Yeah
Uh huh
Woo
C'mon yall

Every time you kiss me
And hold me in your arms
Babe
Every time you kiss me
Yeah
And hold me in your arms
You give me love shock baby
And its clear that I love your charms
(Love shock, love shock baby)

You give me love shock
You give me love shock
You give me love shock baby
And you know that it feels so good
(Love shock, love shock baby)

My whole body's got the shock
My heart is ticking like a clock
My whole body's got the shock
Yeah
My heart is ticking like a clock
The way you love me love me baby
I don't ever want you to stop

[You give me love shock
You give me love shock
You give me love shock baby
And you know that it feels so good
(Love shock, love shock baby)

Aw shock me
Woo
C'mon shock me

(Love shock, love shock baby)
(You give me love shock)
(Love shock, love shock baby)
(You give me love shock)

My whole body's in a whirl
I'm so glad you're my girl
My heart is burning
And I'm returning
Some real, real, real good love

You give me love shock
You give me love shock
You give me love shock baby
And you know that it feels so good
(Love shock, love shock baby)
