

Personal Manager

Albert King

I want to be your personal manager, babe
I want to do everything I can for you
I want to be your personal manager, babe
I want to do everything I can for you
Yes, I want to be right there beside you little girl
When all of your so called friends are through

If you sign my contract baby
You know all your worries is over for you
If you sign my contract baby
You know all of your worries is over for you
Yeah, I want to be your milkman every mornin'
Your ice cream man when the day resumes

I want to be with you baby
Ho! Yeah!

I'll take care of all of your business
So you can stay at home
You can rest for sure girl
That I won't let nothing go down wrong

I want to be your personal manager, baby
I want to do everything I can for you
Yes, I want to be your milkman every morning
Your ice cream man when the day resumes

That's right
I'm takin' care of all of your business
You won't have to worry 'bout a thing
Just lay there
