

Darling

Albin Lee Meldau

Hope you stay alone when it comes along
Darlin', darlin'
Hope that solution never comes walkin' along
Darlin', darlin'

I'm on my way
Through night and day
Through sunshine and rain
From far away
Do you hear me babe?
My babe

Darlin', darlin'
Darlin', darlin'

We'll put all your little doubts at ease
Waited too long now you gonna wait for long
Rob it but nothin' would ever come from this
Waited too long now you gonna wait for long

My babe
Do you hear me babe?
Far away, playin' no game babe
You hear me, baby?
My babe, my babe

Darlin', darlin'
Darlin', darlin'
Darlin', darlin'
Darlin', darlin'
