

## Lovers

Albin Lee Meldau

Lovers  
Give a little kiss And turn off the light  
Lovers  
Give a little kiss before you fade away

One more bottle of red, red wine  
She never kisses me that way  
One more bottle I lose my mind  
One more time  
One less time

I beg my lover  
Give a little kiss and turn off the light  
I beg my lover  
Give a little kiss before you fade away

One more bottle of red, red wine  
She never caresses me that way  
One more bottle I lose my mind  
One more time  
One less time

I beg my lover  
Give a little kiss and fade away  
You're my lover  
Give a little kiss and turn off the light
