

# Til The Sun Comes Around Again

Albin Lee Meldau

Some they say that things will never change  
Some might argue that goodness is a weakness, babe  
I'm one of those, those stupid fools  
'Cause I love you

Well, it's gon' be alright, oh, it's gon' be just fine  
Oh, it gon' be alright, just let me hold you  
Till the sun comes around again

Some they argue about those little things  
(About those little things)  
But my love is like fire, like water, like a golden rain (Golden rain)  
My love is eternal and there's one thing I need to say to you  
Baby, you know I do

Well it's gon' be alright, it's gon' be just fine  
It's gon' be alright, just let me hold you  
It's gon' be alright, it gon' be just fine  
Let me hold you tight, please let me love you  
Till the sun comes around again

Well, it's gon' be alright, it's gon' be just fine  
It gon' be alright, just let me hold you  
It's gon' be alright, it gon' be just fine  
Let me hold you tight, please let me love you  
Till the sun comes around again
