

# Goodbye

Alborosie

La-la-la-la (Zungguzeng)  
La-la-la-la (Beautiful)  
La-la-la-la (Rocksteady time)

A move, a step and I sound bad  
Searchin' my heart and I found back  
[?] just on the wall  
Should I be? (Without you)  
Life's just a poker game  
I put on the table my pride and my name  
Such a shame  
I played it the wrong way (Bad bwoy don't cry)

Oh my, oh my, oh my, oh my (Oh my)  
He want it, let him try (You know)  
And yes, I know I'm like a bitter sheriff, I (Know I never love)  
Woah, oh-oh-oh, woi, I lied, I lied, I lied, I lied (Don't lie)  
Right in front of your eyes  
I just guess I (Oh, why?)  
Kinda like to say goodbye (Goodbye)

Music sweet, you don't feel no pain  
Wanna make a dance in every day  
Mi nah steal your name, ha  
I know what I love and I don't  
Pretend to love when love is gone (Oh)  
Is there a rule I should follow?  
What else in it?  
Inna Jamaica people say, "No put no woman for your head  
Woman will make you bawl and sound of tears yuh a go shed"  
Grab a piece from fast, no bother get mad  
If you try catch the pussy while goin' up and down

Oh my, oh my, oh my, oh my (Oh my)  
He want it, let him try (No sight)  
But you know now I'm like a bitter sheriff, I (I never know, why you killing  
so?)  
Woah, oh-oh-oh-oh, I lied, I lied, I lied, I lied (Don't lie)  
Right in front of your eyes (Why?)  
I just guess I (Bye, bye)  
Kinda like to say goodbye (Goodbye)

Gyal, you so crazy, aunty lazy, I no pray you, I pray you  
Call the rude bwoy 'cause the mouth make we say things straight  
Take me, leave me, push me and squeeze me, baby, make up your mind  
I'm not a liar, not a player, stop wastin' my time, ah  
You have to go now, 'cause I'm sad (Ah, she mad)  
You know, boy, I told ya (Hahaha) I was mad (Don't play with me, baby)  
But when you struggle, (Boom) there's nothing left to say (Kill me now)  
Get me a glass of wine, all my troubles will go away (Frass out, hahaha)

Oh my, oh my, oh my, oh my (Oh my)  
He want it, let him try (I play with sight)  
But you know now I'm like a bitter sheriff, I (Oh, ha)  
Woah, oh-oh-oh-oh, I lied, I lied, I lied, I lied (Don't lie)  
Right in front of your eyes (No way)  
I just guess I

Kinda like to say goodbye
