Me nah pick no ear from the devil's head  
Talking 'bout though and a talking 'bout dread  
Fowl a fight over piece a cornbread  
Innocence always a join the bloodshed  
I pray for Paris and I must pray for me  
Pray for America, Syria and the East  
Pray for the angels and pray for the beast  
'Cause every soul is a victim inna this

Me tell yah say  
Red, the place a run red  
And right yah now it a get inna me head  
Me tell yah say

Sound like this, small axe a cut the big tree  
'Mongst the war monger there's no partiality  
Evil intention, extreme mentality  
Carry this world to a high mortality  
A general cause for a panic attack  
Terrorized faces a walk 'round the block  
Tension go up like a boiling pot  
Bucket too full, so the bottom a go drop

Me tell yah say  
Red, the place a run red  
And right yah now it a get inna me head  
Me tell yah say  
Red, the place a run red  
Whoa oh, oh, oh, don't pressure me, Dread

Me tell yah say  
Red, the place a run red  
And right yah now it a get inna me head  
Me tell yah say  
Red, the place a run red  
Whoa oh, oh, oh, don't pressure me, Dread
