

The System

Alborosie

I lost hope in humanity
From now on
God is my sanity
And every idiot weh a play with mi psyche
Going get block outta mi IG
A when the bucket full to capacity
History it's mastery in strategy's
Read your books and learn pon the topic
Don't be a lad rat for the scientists

We are blinded by the system
All if yuh money glittering
Please don't get it twisted
It's just a game of interests
We all blinded by the system
Born to be the victims
Poor or rich or midterms
We are just statistics

I got a dream for my people to be free
I got a dream for my people to be free

I'd fed up with humanity
Honestly and without no apology
Topics pile up like untold anthologies
Illuminati theories a get to mi
Make wi change up chapter and narrative from di lanes and all di communities
Opportunities comes with behavior
So results shall follow labor

We are blinded by the system
All if yuh money glittering
Please don't get it twisted
It's just a game of interests
We all blinded by the system
Born to be the victims
Poor or rich or midterms
We are just statistics

I got a dream for my people to be free
I got a dream for my people to be free
To be free

This a fi mi youth dem weh work hard everyday yah
Chant di raggamuffin like a ancient prayer
Shield wall the field like a Viking Slayer
Fight for the cause, cause the cause a slayer
Born in a di system die in a di system
Played by the system
Praised by the system killed by the system
Lock up inna system
Judge by the system blinded by the system

I got a dream for my people to be free
I got a dream for my people to be free
I got a dream for my people to be free
I got a dream for my people to be free
