

# U Got To Be Mine

Alborosie

Yo  
You make me spin like a tape  
Fast forward rewind (you got to be mine)  
Black woman I bet 'pon mi an' you  
An' my goal an' mi dimes, cah you (you got to be mine)  
Could be any day if it's love  
It's a matter of time (you got to be mine)  
And let me enter  
I need your sugar an' lime (you got to be mine)  
Yo, yo

She wind it 'pon me, read the mind, my Jamaican cheetah  
Me gon straight to beekaa and let me send me Visa  
She played by Cleopatra, so I must be Ceasar  
I'm like Da Vinci with my brush painting, Mona Lisa  
Put your words 'pon mi lips, cah mi no type 'pon sweeter  
Come show me how you're skilful 'pon the Indian sitar  
From my land to meija, from meija to beefla  
From G string to al string from Bebop to vision  
Do you have to go today, please tell me, no I don't  
If you plan to fly and let me tell me say you won't  
Your daddy must be vex, but life is way to short  
To you crazy, crazy love

You make me spin like a tape  
Fast forward rewind (you got to be mine)  
Black woman I bet 'pon mi an' you  
An' my goal an' mi dimes, cah you (you got to be mine)  
Could be any day if it's love  
It's a matter of time (you got to be mine)  
And let me enter  
I need your sugar an' lime (you got to be mine)  
Yo, yo

Now my fyah is burning, the table is turning  
I spent long time searching, my chest now is hurting  
It's more than a yearning, peer flirting  
What a sprinkling over me head and now it's time to get dirty  
Bubbling like a bwoy, what a depression 'pon a whistle  
The world outside is rough, come catch up inna me castle  
Follow me now me temple girl, long time me feel you  
Peer words up and shine, but I shall never diss you, no  
Never you deny this, no oh, never you run from your arts, oh no  
Love in your eyes I see, black woman I need you now  
Yo, yo

...

You make me spin like a tape  
Fast forward rewind (you got to be mine)  
Black woman I bet 'pon mi an' you  
An' my goal an' mi dimes, cah you (you got to be mine)  
Could be any day if it's love  
It's a matter of time (you got to be mine)  
And let me enter  
I need your sugar an' lime (you got to be mine)
