

Unprecedented Time

Alborosie

[Lyrics "Unprecedented Time"]

Rututututu, yeah, yeah, yeah
Rututututu yeah, yeah, yeah

How are you coping with the Covid?
Isolated like a convict
Apocalyptic looking sieges
This is a movie, we are zombies
You'll see reflections of myself (of myself)
From my window pane
Then one day I will hold your hand like I used to do
In a dis Jah?
Unprecedented time woah, woah, yeah
You gotta be strong in your mind woah, woah, yeah
Unprecedented time woah, woah, yeah
You gotta be strong in your mind woah, woah, yeah

It's biological conflict
Speculations of conspiracy
Maybe the earth ah tell we something
Maybe mankind is the toxicity
You'll see the shape of my hands
From the window pane
Then one day I will touch your face

Like I used to do

Unprecedented time woah, woah, yeah
You gotta be strong in your mind woah, woah, yeah
Unprecedented time woah, woah, yeah
You gotta be strong in your mind
In your mind, in your mind, in your mind

Rututututu yeah, yeah, yeah
Rututututu yeah, yeah, yeah

Everything cannot be the same again
We don't own a time machine
Clear your thoughts and lock your door
Sanitize your dreams
And what should be the real situation
Nation help nation
For the victims, for the heroes
They all angels from ground zero
Woah, woah, yeah
You gotta be strong in your mind woah, woah, yeah
Unprecedented time woah, woah, yeah
You gotta be strong in your mind
In your mind, in your mind, in your mind, yeah
