

Burning

Alcazar

Burning, burning
Burning, turning

Burning, burning
Baby you've got me burning
Got me tossing and turning, turning
Baby you've got me burning

Up until the day we met
I was doing fine
Now I don't know how to get
You right off my mind

Then you know how it feels
When the ground seems to shake
Underneath your feet
I never felt so weak

Cause baby you've got me burning, burning
You've got me falling so deep
Got me tossing and turning, turning
I'm so tired but I still can't sleep

I see your face in front of me
You're in my every dream
In every feverish fantasy
Scary how real it seems

Then you know how it feels
When you're caught up in love
And consumed by desire
The way your hearts on fire

Cause baby you've got me burning, burning
You've got me falling so deep
Got me tossing and turning, turning
I'm so tired but I still can't sleep

You just see how I feel
Reach the point where I'm burning up inside
You brought my heart on fire

Cause baby you've got me burning, burning
You've got me falling so deep
Got me tossing and turning, turning
I'm so tired but I still can't sleep
