Burning

Alcazar

Burning, burning Burning, turning

Burning, burning
Baby you've got me burning
Got me tossing and turning, turning
Baby you've got me burning

Up until the day we met I was doing fine Now I don't know how to get You right off my mind

Then you know how it feels
When the ground seems to shake
Underneath your feet
I never felt so weak

Cause baby you've got me burning, burning You've got me falling so deep Got me tossing and turning, turning I'm so tired but I still can't sleep

I see your face in front of me You're in my every dream In every feverish fantasy Sscary how real it seems

Then you know how it feels When you're caught up in love And consumed by desire The way your hearts on fire

Cause baby you've got me burning, burning You've got me falling so deep Got me tossing and turning, turning I'm so tired but I still can't sleep

You just see how I feel Reach the point where I'm burning up inside You brought my heart on fire

Cause baby you've got me burning, burning You've got me falling so deep Got me tossing and turning, turning I'm so tired but I still can't sleep
