Transmetropol Transmetropolis  
We've come from all  
Across the universe  
In hedonistic bliss  
The gates of paradise are openwide  
In transmetropolis  
We've come from all  
Across the universe  
In hedonistic bliss  
The gates of paradise are openwide  
In transmetropolis  
Stand up and shout  
In hedonistic bliss  
We celebrate the dawn of transmetropolis  
Stand up and shout  
In hedonistic bliss  
We celebrate the dawn Of transmetropolis  
We've come from all  
Across the universe  
In hedonistic bliss  
The gates of paradise are openwide  
In transmetropolis  
Stand up and shout  
In hedonistic bliss  
We celebrate the dawn of transmetropolis
