New friends, new drugs
New life, new love
I think it's finally going my way
I never needed them anyway, I'm okay

New face, new place, you made a mistake
Open up your eyes, the sun is falling out the sky, but I'm fine
I think I've fallen 100 times, but everything is-
Sometimes it gets hard, when you're running in the dark
I think I'm doing so much better, despite the shitty weather
I'm better off alone, bitch I'm grown
I don't need your fucking tone, I'm on my own
I'm on my own
