

Bite back, I took you right back
Look I know that you like that
Like when I fight back
I wish I could've gave it back, all of the shit I had
But I know you don't want that anymore

I let you take it off
'Cause I don't get enough
You never tell me how it feels
I wanna know, I wanna know
So you think that I'm wasting your time?
You got no idea what it's like to be mine
(Wasting, wasting)
So you're telling me everything's fine
But you say that as you're taking a line (aldrch)

Bite back, I took you right back
Look I know that you like that
Like when I fight back
I wish I could've gave it back, all of the shit I had
But I know you don't want that anymore

Oh, you thought that that's just what you wanted
Come back to your apartment
You're looking at your phone again
Hope you don't lose yourself
I have a bone to pick with you
It's turning me inside out again
And I don't know if I can get back, get back

Bite back, I took you right back
Look I know that you like that
Like when I fight back
I wish I could've gave it back, all of the shit I had
But I know you don't want that anymore
