

(Aldn, hehe)

(I like being alone, I don't know why)

But now you're here, and it's too late  
Already got too much on my plate  
Need attention, nothing that I do is worth a mention  
And I know I got my way, but I'm still bitter  
And I woke up and my face covered in glitter  
Too late, already got too much on my plate  
Need attention, nothing that I do is worth a mention  
And I know I got my way, but I'm still bitter  
And I woke up and my face covered in glitter

I swear, I'm done with this shit, I swear  
Yeah, I've always been judged for the shit that I wear  
I bet you won't be laughing when I roll up into your house  
Hold that stick to your head and make you beg for your spouse  
And I, and I, I'm not even lying  
I'll take all your shit, I don't care that you're dying  
I'll wake up your parents, they'll beg me, they're crying  
I'm sorry, that was kinda mean, I wasn't trying

Glitter

I'm not with her  
But I realized  
I'm already paralyzed  
(I like being alone, I don't know why)

But now you're here, and it's too late  
Already got too much on my plate  
Need attention, nothing that I do is worth a mention  
And I know I got my way, but I'm still bitter  
And I woke up and my face covered in glitter  
Too late, already got too much on my plate  
Need attention, nothing that I do is worth a mention  
And I know I got my way, but I'm still bitter  
And I woke up and my face covered in glitter

I, I, I don't care about nothing anymore  
I hate this song, I hate this phone  
If I drop off the earth, well, then what could go wrong? (What could  
go wrong?)  
No one checks up on me, they don't care  
I'm better off on my own now that they don't care  
I don't really talk to no one, to be fair  
But that don't mean I don't like the fresh air
