I got no inspiration
Sitting on the floor staring at my bedroom wall
Missed invitations
Wishing I could care, I wish I could care at all
No conversations (No conversations)
No more relations, I hope I don't fall
And I'm glad you made it
But I'm looking at my phone, and I'm hoping you don't call
No inspiration
Sitting on the floor staring at my bedroom wall
Missed invitations
Wishing I could care, wish I could care at all
No conversations (No conversations)
No more relations, I hope I don't fall
And I'm glad you made it
But I'm looking at my phone, and I'm hoping you don't call

I feel, I feel, I feel like shit
Why do, why do I feel like this?
I feel, I feel, I feel like shit
Why do, why do I feel like this?
I feel, I feel, I feel like shit
Why do, why do I feel like this?
I feel, I feel, I feel like shit
Why do, why do I feel like this?

Why do I feel like this?
Why do I feel like this?
Why
And I'm losing my balance
I can sit on my feet (Oh)

Now I got no inspiration
Sitting on the floor staring at my bedroom wall
Missed invitations
Wishing I could care, I wish I could care at all
No conversations (No conversations)
No more relations, I hope I don't fall
And I'm glad you made it, but I'm looking at my phone and I'm hoping you don't call

I feel, I feel, I feel like shit
Why do, why do I feel like this?
I feel, I feel, I feel like shit
Why do, why do I feel like this?
I feel, I feel, I feel like shit
Why do, why do I feel like this?
I feel, I feel, I feel like shit
Why do, why do I feel like this?
