You know I'm the one you'll never forget
Only gettin' older, baby, we're runnin' out of breath
Not only was I the kid in the backseat of my father's M240
Now I drive the exact same car, same cut
Like son, like father

I'm just a mirror of my past
I'm just a mirror of my past
I'm turnin' away, one day I'll change
I can see clearer lookin' back
I'll always be right out of grasp
I'm turnin' away from all my mistakes

I still do the same (Ah-ah-ah-ah)
Expecting something to change (Ah-ah-ah-ah)
Tryna find my way out through a fresh prescription page
Not long ago I came home to my Mom and Dad
And told them what I did

I'm just a mirror of my past
I'm just a mirror of my past
I'm turnin' away, one day I'll change
I can see clearer lookin' back
I'll always be right out of grasp
I'm turnin' away from all my mistakes

This is why I never get to call you
Though I try to treat you like I love you
On and off, I'll love you like bipolar
Cannot help, I get it from my father
All these pills, I get it from my doctor
I don't even take it 'cause I'm stubborn
