

missing u from quarantine

aldn

aldn
Breath it in
Take it slow
I won't hurt you
I just need someone that I can love

I don't know what's going on, it hurts when I breathe in
A-Aldn
Infect me like it's COVID-19
I'm so toxic, got me in quarantine
Bitch, you're dirty, come back when you're clean
I sit right here, don't really do anything (self quarantine)
Lock myself in my room and play Animal Crossing (you can't visit my island)

It's so easy
Keep my distance
Stay away from people, don't you listen?
I do it all the time
I stay hidden
Fuck all that shit, don't wanna fit in
It's so easy
Keep my distance
Stay away from people, don't you listen?
I do it all the time
I stay hidden
Fuck all that shit, don't wanna fit in

I don't know what's going on, it hurts when I breathe in
Infect me like it's COVID-19
I'm so toxic, got me in quarantine
Bitch, you're dirty, come back when you're clean
Told me I couldn't do it, you saw me
I do it better, sorry that's what they told me
That's what they told me, I really hope you don't agree
I like when I make them mad by being everything they wanna be

I need more love
I tried to love
That didn't go well
I knew I'd fail
Breathe it in
Take it slow
I won't hurt you
I just need someone that I can
