

Nitrous oxide
Shit don't even put me to sleep

Nitrous oxide
Shit don't even put me to sleep
Nitrous oxide
In and out until I can't breathe

Starting to feel like my lungs catching fire
Wishing there was something that could make me get higher
I wanna know
A new chemical
That'll make me sleep
And I keep saying

Nitrous oxide
Shit don't even put me to sleep (Oh, woah, woah)
Nitrous oxide
In and out until I can't breathe (Oh, oh, oh, oh-oh)

I can't get numb
I keep on biting my tongue
I chew the skin off my thumb
Just to see what I might become
How come?

Nitrous oxide
Shit don't even put me to sleep
Nitrous oxide
In and out until I can't see
And I keep saying

Nitrous oxide
Shit don't even put me to sleep (Oh, woah, woah)
Nitrous oxide
In and out until I can't breathe (Oh, oh, oh, oh-oh)
Nitrous oxide
Shit don't even put me to sleep (Oh, woah, woah)
Nitrous oxide
In and out until I can't breathe (Oh, oh, oh, oh-oh)
