

# push you away

aldn

You're happier with anyone but me  
That's how you make it seem  
I wish you wanted me  
Don't tell me that it's true

'Cause I can't convince you to stay (Ooh)  
And I can't convince you to want me (Ooh)  
So maybe I'll push you away  
It's oh-so longing in the city at this time of year  
Why can't you take the next flight  
The next flight over here? (Yeah, oh)

And I'm just a note in your song  
Move me around as you please  
And I'm just some words on your page  
That everyone hears but they don't see  
I let you play me so easily  
I bet that you felt the same (Ooh)  
You're trying to let me down easy  
But I can't get you out of my head

Oh-oh-oh, oh-oh-oh  
Oh-oh-oh  
Feel the same  
Oh-oh-oh, oh-oh-oh  
Oh-oh-oh  
Feel the same
