I can't introduce two friends to each other  
Lose 'em both they'll leave me for one another  
It's whatever cause it happens to me all the time

I can't introduce two friends to each other  
Lose 'em both they'll leave me for one another  
It's whatever cause it happens to me all the time  
In the end if they're happy then guess it's fine  
Life be like that, it's all in design  
I should just go, I should resign  
Stupid ass hoe, should've waited some time  
I hope you know, you never were mine  
Stacked up these problems, you know that you're one of them  
I got no stress but these bitches love bothering  
I do not share, why this shit got you hurting?  
Is this your bitch? 'Cause she was just flirting  
So what you fucked him that's your loss  
I feel so sorry for you right now because  
That dude a simp, he don't see all of your flaws  
Why these girls stuck to me just like I'm lip gloss?

It's so easy, it's so easy, how you make it look so hard?  
If you start to trust me, I'd advise, don't let down your guard  
It's so easy, it's so easy, how you make it look so hard?  
If you start to trust me, I'd advise, don't let down your guard

Feeling like Mason, I'm speaking some wisdom  
I'm not an enemy, I am the victim  
How can you say that when you in the background  
Diamonds shine bright, take me to the foreground  
Casting some spells like a wizard, I'm spellbound  
Singing in rhythms when I'm feeling unwound  
I don't feel love no more, I'm just a hound  
I'm really sorry but you were a rebound  
Mind your own business  
I do what I want  
I take what I want  
Feel like I'm a savant  
If I have your heart, please take it back  
I do not want it  
That shit is wack  
Think they can lie to me  
I see right through it  
Act like I don't see nothing much to it  
Cherish your friends while still have shit  
'Cause I'm the end everyone will split

It's so easy, it's so easy, how you make it look so hard?  
If you start to trust me, I'd advise, don't let down your guard  
It's so-it's so-it's so easy, how you make it look so hard-hard?  
If you start to trust me, I'd advise, don't let down your guard
