I- I been trapped in this box I call my room for so long now
I get into my thoughts, and I start to dwell
I'm sorry, I'm sorry, I-

I'm sorry if I ignore all of your calls
Don't worry, don't take it personal
I'm losing my mind, just for fun
I'd rather hurt myself, don't wanna hurt someone
I'm sorry if I ignore all of your calls
Don't worry, don't take it personal
I'm losing my mind, just for fun
I'd rather hurt myself, don't wanna hurt someone

I'm sorry
I didn't expect it in the first place
And now I'm all tied up in this rat race
I'm in too deep now and there's no going back
This shit addictive, this shit just like crack
And I'm stuck in the wall like a tack
Now everything's fading to black
I got nothing now, I got nothing to pack
All that I got is this track

I been trapped in this box I call my room for so long now
I get into my thoughts, and I start to dwell
I'm sorry, I'm sorry, I-

I'm sorry if I ignore all of your calls
Don't worry, don't take it personal
I'm losing my mind, just for fun
I'd rather hurt myself, don't wanna hurt someone
I'm sorry if I ignore all of your calls
Don't worry, don't take it personal
I'm losing my mind, just for fun
I'd rather hurt myself, don't wanna hurt someone
