

I feel your pain  
I fall again  
Sometimes  
You make me sing  
My heart, your strings  
Sometimes

I can't help but just swim  
You ain't been where I've been  
You ain't seen what I've seen  
You don't know what I know  
So many lives that I've lived  
Tell me why you're so special  
I know I can be an asshole  
See the luck that I've had  
Would make a good man go bad

I'm just a fucking actor  
Happy ever after  
Nothing really matters anymore  
So tell me to go faster  
I can only do so much for you  
For you

I can't help but just swim  
You ain't been where I've been  
You ain't seen what I've seen  
You don't know what I know  
So many lives that I've lived  
Tell me why you're so special  
I know I can be an asshole  
See the luck that I've had  
Would make a good man go bad

No tears left to cry  
I dry  
Your eyes  
I can't even lie  
You know  
I try

I can't help but just swim  
You ain't been where I've been  
You ain't seen what I've seen  
You don't know what I know  
So many lives that I've lived  
Tell me why you're so special  
I know I can be an asshole  
See the luck that I've had  
Would make a good man go bad
