

# Always Be Mine

Aldo Nova

Let's talk it over now  
We both have a lot to say  
Let's get it over now  
We can't let it go this way

We've shed our tears, we've played our parts  
We've had our fears and broken hearts  
But now it's time to stop this game  
This foolish masquerade

It's just a game we play  
We look at love through eyes so blind  
So don't give your love away  
'Cause in my heart you'll always be mine

So think it over now  
'Cause you would be a fool to say  
That it's over now  
And we'll both turn and walk away

We play the games that lovers play  
We wear our masks in false charades  
We roll the dice then turn away  
But now it's time we said

It's just a game we play  
We look at love through eyes so blind  
So don't give your love away  
'Cause in my heart you'll always be mine  
Baby, you'll always be mine

But it's just a game we play  
We look at love through eyes so blind  
So don't give your love away  
'Cause in my heart you'll always be mine

So don't go play the fools game  
Baby, you'll always be mine  
And don't go play the fool, baby  
Baby, you'll always be mine  
And don't go play the fool, baby  
Baby, you'll always be mine

'Cause you know I love you, baby  
Baby, you'll always be mine  
Baby, baby, baby  
Baby, you'll always be mine
