

# If Looks Could Kill

Aldo Nova

If looks could kill  
Girl now don't you know that you're dead and gone  
Since I laid eyes on you, I knew you were the one  
You kept me up all night, and you never left me down  
I thought that I was tough, until you knocked me to the ground, yeah

You got a hold, you got a hold on me  
You stole my heart and then she set me free  
Little passion in the first degree  
So look out!

You better watch out  
(You better look out for her)  
Cause it looks, cause I like you, yeah  
You better watch out for her  
Cause looks could kill

Well if looks could kill  
Don't you know that I could laugh without defense  
Cause by the way you move  
I know that it ain't your first defense

You got a hold, you got a hold on me  
She took my heart and then she set me free  
Little passion in the first degree  
So look out!

You better watch out  
(You better look out for her)  
Cause it looks, cause I like you, yeah  
You better watch out for her  
Cause looks could kill baby, come on!

Oh! If looks could kill  
Oh! If looks could kill

You better look out!  
(You better look out for her)  
(You better) Because your looks could kill  
You better watch out for her  
(You better)  
(Oh! If looks could kill)

You better watch out!  
(You better look out for her)  
Yeah, yeah! Oh! Nah nah nah nah nah!  
You better watch out for  
You better! Oh oh, you better watch out!  
(You better look out for her)  
(You better watch out for her)  
(You better look out for her)
