

## Elation

Aldous Harding

Sadly, I feel nothing  
I'm so down on life  
High people pull me into their faces  
They are lucky

Elation came  
When you chose me  
Elation  
I have not died  
Though I've never tried  
In relation

When they say, "Enjoy"  
I try so hard to  
Some trees move like Limón  
But Limón died

The beauty is so close to me  
The beauty is so close to me

Elation came  
When you chose me  
Elation  
I have not died  
Though I've never tried  
In relation

The beauty is so close to me  
The beauty is so close to me
