

# Leathery Whip

Aldous Harding

Some people say  
Give them the books and they will come running  
But the books all change  
Freedom go lightly I feel me tightening up  
I'm a little bit older but I remain unchanged  
And the folks who want me don't have the things I'm chasing  
No way

Here comes life with his leathery whip  
Here comes life with his leathery leathery  
(Here comes life with his leathery whip  
Here comes life with his leathery leathery)

I'll be all day getting the velvet back to you Bambi  
Oh you feel the same do you?  
Baby go lightly I feel me tightening up

I'm a little bit older but I remain unchanged  
And the folks who want me don't have the things I need  
No way

Here comes life with his leathery whip  
Here comes life with his leathery leathery  
(Here comes life with his leathery whip  
Here comes life with his leathery leathery)

I'm a little bit older but I remain unchanged  
And the folks who want me don't have the things I'm chasin'  
No way

Here comes life with his leathery whip  
Here comes life with his leathery leathery  
(Here comes life with his leathery whip  
Here comes life with his leathery leathery)

Here comes life with his leathery whip  
Here comes life with his leathery leathery  
(Here comes life with his leathery whip  
Here comes life with his leathery leathery)

Here comes life with his leathery whip  
Here comes life with his leathery leathery  
(Comes life with his leathery whip  
Here comes life with his leathery leathery)

Comes life with his leathery whip  
Here comes life with his leathery leathery  
(Here comes life with his leathery whip  
Here comes life with his leathery leathery)
