

## Passion Babe

Aldous Harding

Well you know I'm married  
And I was bored out of my mind  
Of all the ways to eat a cake  
This one surely takes the knife  
You should stay but you don't  
I should go but of course I won't  
On the beat, in the snow  
It's on me and it costs a lot

I'll never been in charge of any of it  
I'll never been in charge of any of it  
Passion must play or passion won't stay  
What would it mean to hear from me that I could hold a meeting  
for you?

You can have the Pelican  
Swim him till the river's running clear  
I fell off, that's ok  
I got back  
Kinda lost my way

Voted love for my life but I drifted off at the meeting twice  
Passion must play or passion won't  
Passion must play or passion won't  
Passion must play or passion won't stay

Passion must play or passion won't  
Passion must play or passion won't  
Passion must play or passion won't  
Passion must play or passion won't  
Passion must play or passion won't  
Passion must play or passion won't  
Passion must play or passion won't stay
