

# King Size Bed

Alec Benjamin

She said, "I'll take the left side tonight, I don't mind  
I know you've got a call to take at nine  
I'll sleep against the wall, even if it hurts my back  
I'll take some Tylenol, you don't worry about that"

I always told her that I'd buy a bigger mattress  
Finally made some money, funny how it happens  
Got so caught up, forgot who I was, forgot about us

Bought a king size bed when I lost my queen  
Thinking maybe then she'll come back to me, but  
I'm here by myself instead  
Looking stupid in my king size bed  
She's in my head, and she's in my dreams  
Thinking maybe she'll come back to me, but  
I'm here by myself instead  
Looking stupid in my king size bed

I'll take the cold floor tonight, think I might  
Sleep by the door and keep on the light  
Like you did for me, would only be right  
That I do the same for you, so alright

It's better late then never, so I'm sleeping on the ground  
I owed you so much better, baby, you deserved a crown  
And, though we're not together, I still hope you'll come around  
I hope you'll come around

Bought a king size bed when I lost my queen  
Thinking maybe then she'll come back to me, but  
I'm here by myself instead  
Looking stupid in my king size bed  
She's in my head, and she's in my dreams  
Thinking maybe she'll come back to me, but  
I'm here by myself instead  
Looking stupid in my king size bed

Oh! I bought the bed, I bought the bed  
Oh! I bought the bed, I bought the bed  
Oh! I bought the bed, I bought the bed  
Oh, just like I said, I bought the bed  
Oh! I bought the bed, I bought the bed  
Oh! I bought the bed, I bought the bed  
Oh! I bought the bed, I bought the bed  
Oh! just like I said, I bought the bed

Bought a king size bed when I lost my queen  
Thinking maybe then she'll come back to me, but  
I'm here by myself instead  
Looking stupid in my king size bed  
She's in my head, and she's in my dreams  
Thinking maybe she'll come back to me, but  
I'm here by myself instead  
Looking stupid in my king size bed
