

# Pick Me

**Alec Benjamin**

Is it lying if I add a couple inches to my height?  
Say I'm 5'11" when I'm really just 5'9"  
Am I trying too hard, tell me, with these tired pickup lines?  
Baby, when you fell from Heaven, did it hurt or are you fine?

We can say that we met at a party  
Or at the park or through our friend Charlie  
Something we'll probably forget  
And then have to make up again  
We can say that we met doing yoga  
Or at the coffee shop over mochas  
Something we'll probably forget  
And then have to make up again

Pick me if you need a guy within a hundred miles  
Who likes tea, is a Gemini, has family in Ohio  
Is free this Friday night and just might make you smile  
I know there's other fish in the sea  
But pick me

Is it lying if I tell you that I went to USC  
Even though I didn't graduate and had a 2.3?  
Am I trying too hard, tell me, if I say you've got to be  
The most flawless specimen, you're better than I've ever seen?

We can say that we met at a party  
Or at the park or through our friend Charlie  
Something we'll probably forget  
And then have to make up again  
We can say that we met doing yoga  
Or at the coffee shop over mochas  
Something we'll probably forget  
And then have to make up again

Pick me if you need a guy within a hundred miles  
Who likes tea, is a Gemini, has family in Ohio  
Is free this Friday night and just might make you smile  
I know there's other fish in the sea  
But pick me  
But pick me, mm

I'm here waiting, undeterred  
My heart is aching, but still no word

Pick me if you need a guy within a hundred miles  
Who likes tea, is a Gemini, has family in Ohio  
Is free this Friday night and just might make you smile  
I know there's other fish in the sea  
But pick me  
But pick me, mm
