Berlin Motherf**kers do it my style
Berlin motherf**kers going my way all the time
it's that beat
that beat
come on Berlin
watch my back
Oh yeah? Oh yeah!
Do you love me?
or do you love me?
Do you love me?
or do you love me?
Now that I found out...
shake it up babe and go real crazey
feel my wrist - just do it like that
like a tornado
I'm in that mood
rude girls like my style
but there is a girl that I don't feel
she's a machine
trapped in a woman's body
Robot Love
Robot Love
Robot Love
and I don't feel a thing
Robot Love
come on berlin motherf**ker
Oh baby baby Jane
is paradise still the place to be?
We might even die in a plane crash
before it's too late
Baby Jane
just pursue your dreams
Oh please
Robot Love
Robot Love
Robot Love
and I don't feel a thing
sometimes I think the girl aint for real
and now I found a wire in her body
tell me your code, babe
what is your code
check my love
check my love
Do you love me?
or do you love me?
now that I found out...
