

Are You Alone

Alee

Tick tock
Can't turn it off
Can't turn it back

Spinnin' me 'round in circles
Drip drop drainin' these tears
The sinkin' wont stop
Feels like my hearts hit the bottom
This ain't destiny
I know we ain't meant to be
But I can't turn down these memories
I just need you next to me

Are you alone
Are you feelin' lonely
Pick up the phone
If you're thinkin' twice
I just called
To tell you I'm sorry and I need your heartbeat
Next to mine
I just gotta know
Are you alone

Flashback
You let me down
So I let you go
Sometimes I miss you and wish you would come back
This bed is too cold
This house is too quiet
To hide it
Don't know why I can't [?]
'Cause this ain't destiny
I know we ain't meant to be
But I cant turn down these memories
Oh I need you next to me

Are you alone
Are you feelin' lonely
Pick up the phone
If you're thinkin' twice
I just called
To tell you I'm sorry and I need your heartbeat
Next to mine
I just gotta know
Are you alone

God I hope your'e awake
There's only so much
That a heart can take
Before I go
I just gotta know

Are you alone

Are you alone
(Are you feelin' lonely
Pick up the phone

If you're thinkin' twice)
I just had to call
To tell you I'm sorry and I need your heartbeat
Next to mine
I just gotta know
Are you alone

Tick tock
Can't turn it off
Can't turn it back
