

# Cinderella

Aleesia

Look up in the sky  
See the sun  
Feel the heat  
If only you were beside me  
Oh oh oh oh-oh-oh

I could feel your touch  
Feel your heart  
Feel it beat  
I know you're my prince charming  
Oh oh oh oh-oh-oh

Oou, what you do to me?  
You pull me close  
You whisper in my ear  
I pull you closer

Time is running out  
But I know what I want  
Trust me, I know what want  
What I want, what I want

I wanna to be with you  
I wanna to be with you  
So baby, take me out tonight

I wanna be with you  
I wanna be with you  
So let me be your Cinderella

I'm your's tonight  
Let me be your Cinderella  
I'm your's tonight  
So let me be your Cinderella

Look out in the sky  
See the stars  
See our place  
I am wishing I could be with you  
Oh oh oh oh-oh-oh

If I could see you now  
Kiss your lips  
Touch your face  
My fairy tale will come true  
Oh oh oh oh-oh-oh

Oou, what you do to me?  
You pull me close  
You whisper in my ear  
I pull you closer

Time is running out  
I know what I want  
Trust me, I know what I want  
What I want, what I want

I wanna be with you  
I wanna be with you  
So baby, take me out tonight

I wanna be with you  
I wanna be with you  
So let me be your Cinderella

I'm your's tonight  
Let me be your Cinderella  
I'm your's tonight  
Let me be your Cinderella
