

Anchor

Alejandro Escovedo

I've always loved your love In and out Up and down If your love
is a ship I pull your anchor and I Christen it

I'm in love with love (I'm in love) And it broke me in two (in
two) I'm in love with love Look out baby, It's gonna break you
too

I'd pull your ship across the ocean wide Hold my breath And div
e dive dive If they held me at the bottom Then asked me why I'd
open my mouth and I'd tell em why 'cause

I'm in love with love (I'm in love) And it broke me in two (in
two) I'm in love with love So look out baby, It's gonna break y
ou too

We're huddled up on benches We're saying our prayers Two lovers
in the mist With the salt in their hair

I'm in love I'm in love

And it broke me in two I'm in love I'm in love It's gonna break
you too Yes it will

The waves are breaking in a foreign tongue Understand but I'm f
eeling numb. If your love was a ship I'd pull your anchor and h
ang on to it

I'm in love with love (I'm in love) And it broke me in two (in
two) I'm in love with love So look out baby It's gonna break yo
u too

I'm in love with love (I'm in love) And it broke me in two (In
two) I'm in love with love So look out baby It's gonna break yo
u too

Oh I'm feelin love I'm feeling the love babe Yeah, I'm feeling
love
