

Pissed Off 2 A.M.

Alejandro Escovedo

Sometimes I come home,
I don't expect too much
The lights are off now
It's only two

How I wish my breath
It didn't hurt so much
Then you'd be up babe
It's only two

Why don't you sleep?
You look as though you need it
The barricades and reasons
They mean nothing to me
Now they mean nothing to me

Well all my friends they laughed,
They laughed at all my jokes
I got one more story,
It's only two

How I wish my tough
Could erase the past
They you'd be up babe
It's only two

Why don't you drink
You look as though you need one
The barricades and reasons
They mean nothing to me,
No, they mean nothing to me

If these were different times
Then you'd be up,
And we'd trade stories
It's only two

Why don't we pretend?
It's all we have between us
The barricades and reasons
They mean nothing to me, now
Why don't you sleep?
You look as though we need it
The barricades and reasons
They mean nothing to me,
Now they mean nothing to me
