

# Silver Cloud

Alejandro Escovedo

I've always loved your love  
In and out up and down  
If your love is a ship  
I pull your anchor and I Christen it

I'm in love with love  
(I'm in love)  
And it broke me in two  
(In two)  
I'm in love with love  
Look out baby, it's gonna break you too

I'd pull your ship across the ocean wide  
Hold my breath  
And dive dive dive  
If they held me at the bottom  
Then asked me why  
I'd open my mouth and I'd tell 'em why 'cause

I'm in love with love  
(I'm in love)  
And it broke me in two  
(In two)  
I'm in love with love  
So look out baby, it's gonna break you too

We're huddled up on benches  
We're saying our prayers  
Two lovers in the mist  
With the salt in their hair

I'm in love I'm in love  
  
And it broke me in two  
I'm in love I'm in love  
It's gonna break you too  
Yes it will

The waves are breaking in a foreign tongue  
Understand but I'm feeling numb.  
If your love was a ship  
I'd pull your anchor and hang on to it

I'm in love with love  
(I'm in love)  
And it broke me in two  
(In two)  
I'm in love with love  
So look out baby  
It's gonna break you too

I'm in love with love  
(I'm in love)  
And it broke me in two  
(In two)  
I'm in love with love  
So look out baby

It's gonna break you too

Oh I'm feelin' love  
I'm feeling the love babe  
Yeah, I'm feeling love
